Forward Looking Statements

Certain statements included in this presentation are not historical facts but are forward-looking statements for purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are accompanied by words such as “may”, “should”, “would”, “plan”, “intend”, “anticipate”, “believe”, “estimate”, “predict”, “potential”, “seem”, “seek”, “continue”, “future”, “will”, “expect”, “outlook” or other similar words, phrases or expressions. These forward-looking statements include statements regarding our industry, future events, the estimated or anticipated future results and benefits of the recently consummated transaction between Exela Technologies, Inc., SourceHOV Holdings, Inc., and Novitex Holdings, Inc. (including the related transactions, the “Business Combination”), future opportunities for the combined company, and other statements that are not historical facts. These statements are based on the current expectations of Exela management and are not predictions of actual performance. These statements are based on the current expectations of Exela management and are not predictions of actual performance. These statements are subject to a number of risks and uncertainties regarding Exela’s businesses, and actual results may differ materially. These risks and uncertainties include, but are not limited to, changes in the business environment in which Exela operates and general financial, economic, regulatory and political conditions affecting the industries in which Exela operates; changes in taxes, governmental laws, and regulations; competitive product and pricing activity; failure to realize the anticipated benefits of the Business Combination, including as a result of a delay or difficulty in integrating the businesses of SourceHOV and Novitex or the inability to realize the expected amount and timing of cost savings and operating synergies of the Business Combination; and those factors discussed under the heading “Risk Factors” in Exela’s Proxy Statement dated June 26, 2017 (the “Proxy Statement”) filed with the Securities and Exchange Commission (“SEC”). In addition, forward-looking statements provide Exela’s expectations, plans or forecasts of future events and views as of the date of this communication. Exela anticipates that subsequent events and developments will cause Exela’s assessments to change. These forward-looking statements should not be relied upon as representing Exela’s assessments as of any date subsequent to the date of this presentation.

Combined Financial Information

This presentation includes quarterly, unaudited historical financial information for each of the four calendar quarters of 2016, the first three calendar quarters of 2017 for Novitex and SourceHOV on a combined basis. This combined quarterly unaudited historical financial information does not include Quinpario Acquisition Corp. 2 as it was a special purpose acquisition company. Interest (impacting Net loss), Debt and addbacks to EBITDA are based on credit agreements in place before the Business Combination. No adjustment has been made to restate or reflect Exela’s new capital structure. This combined quarterly unaudited historical financial information is not necessarily indicative of what the actual results of operations would have been had the Business Combination taken place on January 1, 2016, nor are they indicative of the future consolidated financial condition, results of operations or cash flows of Exela.

Pro Forma Financial Information

This presentation includes unaudited pro forma financial information for the three and nine months ended September 30, 2017, as if the Business Combination had been consummated on January 1, 2016, based on certain estimates and assumptions that Exela management deems to be reasonable. This pro forma financial information may be revised as additional information becomes available. Therefore, it is possible that the actual adjustments will differ from the pro forma adjustments and it is possible that the difference may be material. The unaudited pro forma condensed combined financial statements are not necessarily indicative of what the actual results of operations would have been had the Business Combination taken place on the date indicated, nor are they indicative of the future consolidated results of operations of Exela.

Non-GAAP Financial Measure and Related Information

This presentation includes EBITDA, Further Adjusted EBITDA, and Further Adjusted Free Cash Flow – each of which is a financial measure that is not prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). Exela believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Exela’s financial condition and results of operations. Exela does not consider these non-GAAP measures in isolation or as an alternative to liquidity or financial measures determined in accordance with GAAP. A limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in Exela’s financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expenses and income are excluded or included in determining these non-GAAP financial measures and therefore the basis of presentation for these measures may not be comparable to similarly-titled measures used by other companies. These non-GAAP measures should not be considered in isolation of, or as an alternative to, GAAP financial measures. For reconciliation of the comparable GAAP measures to these non-GAAP financial measures, see the Appendix to this presentation.

Exela Technologies, Inc. - Additional financial information

1. Exela Technologies, Inc. (Exela) formerly known as Quinpario Acquisition Corp. 2 (QPAC) closed the previously announced Business Combination with SourceHOV Holdings, Inc. (SourceHOV) and Novitex Holdings, Inc. (Novitex) on July 12, 2017.
2. For accounting purposes, the Business Combination is treated as a reverse acquisition and SourceHOV was determined to be the accounting acquirer and will be the accounting successor of QPAC.
3. The combined quarterly unaudited historical financial information included in this Presentation represents the combined historical financial information of Novitex and SourceHOV for periods prior to the Business Combination, but excludes QPAC as it was a special purpose acquisition company. Interest (impacting Net loss), Debt and addbacks to EBITDA are based on credit agreements in place before the Business Combination. No adjustment has been made to restate or reflect Exela's new capital structure for the quarters prior to the Business Combination.
